

K P Energy Ltd stated that a 29.4 megawatt (MW) wind energy plant in Gujarat has been put into operation.

According to the company's regulatory filing, the capacity is a portion of the 250.8 MW ISTS linked wind power project capacity given by Solar Energy Corporation of India Limited (SECI) during Tranche-VIII bidding.

"In furtherance of phase-I at Sidhpur, KP Energy has successfully commissioned 29.4 MW (phase-II) ISTS (inter state transmission system) connected wind power project comprising 14 numbers of WTGs (wind turbine generators) of 2.1 MW each at Sidhpur site in Devbhoomi Dwarka," the statement read.

The net cumulative capacity that has been commissioned as of the current phase-II commissioning is 81.9 MW.
