

In Surat, Gujarat, **Aether** Industries has opened their newly expanded R&D facility in Surat, Gujarat.

The center will support initiatives to increase the efficiency of current products and assist in meeting the growing demand in the CRAMS business divisions.

Additionally, the newest R&D facility for **Aether** Industries will foster innovation for the corporation's expanding internal product pipeline to support its Large Scale Manufacturing business model.

Along with the largest pilot plant in the world, which has more than 100 reactors, the new R&D center also comes with a tonne of other essential downstream machinery.
