

All Time Plastics is a company that specializes in the manufacturing of plastic products for household and kitchen use. They have a wide range of products including tableware, kitchenware, toilet ware, vacuum flasks and other vacuum vessels. The company has a long history of producing high-quality plastic products and has established a strong reputation in the market. The new manufacturing project in Valsad, Gujarat is a significant expansion for the company and is expected to greatly increase their production capacity. The plant will have a capacity of 18000 MTS and will manufacture a range of plastic products including tableware, kitchenware, vacuum flasks and more. The company has taken the necessary steps to ensure the success of this new project by filing an industrial entrepreneurs' memorandum in November 2022. As of February 2023, the project is still in the planning stage and the company is working on securing the necessary approvals and funding to begin construction. Overall, the new manufacturing project in Valsad, Gujarat is an exciting opportunity for All Time Plastics and represents their commitment to expanding their business and providing high-quality plastic products to customers.
