

Commercial production of purified phosphoric acid commences in this  
plant | 1

Updates on the 33,870 TPA (85% H<sub>3</sub>PO<sub>4</sub>) (equal to 21000 TPA – 100% P<sub>2</sub>O<sub>5</sub>) Purified Phosphoric Acid Plant at the Dahej Complex were reported by Gujarat Alkalies and Chemicals Limited.

At the Dahej Complex, the company has achieved commercial production of purified phosphoric acid.

GACL is one of the largest producers of Caustic Soda in India, with a production capacity of 1087 TPD.

It may be noted that former Union Finance Secretary Hasmukh Adhia has been appointed as Chairman of Gujarat Alkalies and Chemicals Ltd.

Adhia, a retired civil servant from the Gujarat cadre, takes over from Raj Kumar, the company said in an exchange filing.
