

Engineers India have secured an order from [Mangalore Refinery & Petrochemicals \(MRPL\)](#) for preparation of BDEP, DFR and pre-project activities for bio-ATF plant at MRPL.

For the creation of the basic engineering design package (BDEP), the detailed feasibility study (DFR), and pre-project activities for the MRPL bio-ATF plant, the EPC company has been chosen by MRPL.

The first of its type bio-ATF plant in India will use non-edible oils and wasted cooking oil as feedstock and is based on technology created by Engineers India and the Council for Scientific and Industrial Research-Indian Institute of Petroleum (CSIR-IIP).
