

Jakson Group has reinforced its position as the preferred EPC partner for the country's major metro rail projects.

The company has successfully completed a number of metro projects around the nation and has built a solid reputation for its knowledge, experience, and dedication to quality.

Raghav Gupta, Managing Director, EPC, Jakson Group said, "We are pleased to continue our collaboration with India's major metro rail projects. Our extensive EPC experience has helped us to create reliable and cost-effective solutions that assist our clients reach their goals. We take pride in playing a role to deliver the greatest last mile connectivity and seamless distribution network to our clients, while contributing to the development of the country's infrastructure."

Established in the year 1947, The Jakson Group has diversified from a Diesel Generator manufacturing organisation into an Energy Solutions Company, providing expertise in the fields of Distributed Energy, Solar Power, Clean Energies, Alternative Fuels, Battery Energy Storage System and EPC-Renewables, Civil and Infra.
