

[Harshitha Engineering Industries](#), a company based in Telangana, India, is planning to set up a new manufacturing unit in Banda Mailaram, Mulug, Siddipet, Telangana. The proposed project involves the production of PUF insulated panels, cold room panels, cold room doors, clean room doors, pre-fabricated shelters, and pre-fabricated containers. The manufacturing capacity of PUF insulated panels is estimated to be 12,000 meters per month, while the capacity for cold room panels is estimated to be 4,500 meters per month. The manufacturing capacity for cold room doors is estimated to be 60 doors per month, and for clean room doors, it is estimated to be 120 doors per month. The company also plans to produce seven pre-fabricated cabins and ten pre-fabricated containers per month. The project is estimated to cost Rs. 77.2 million, and as of March 2023, the company has received consent from the state pollution control authorities to establish the project
