

[Metal Tech Industries](#) is a leading manufacturer of metal products, with expertise in producing high-quality aluminum billets, sections, profiles, and pipes. The company is now planning to set up a new aluminum billets manufacturing project in Rajpur, Kadi, Mahesana, Gujarat. The project aims to expand the company's production capacity of aluminum billets, which will have a total capacity of 3600 TPA. Additionally, the project will also involve the production of all types of aluminum sections, profiles, and pipes, with a total capacity of 14400 MT/Annum. The estimated cost of the project is Rs.123 million, and the company plans to commence the construction activities in March 2023 and complete them within the same month. As of March 2023, the company is in the process of obtaining environmental clearance for the project from the concerned authorities.
