

[Navnit Blister Packs](#) is planning to establish a new polythene and plastic processed products manufacturing unit in IMT Manesar Gurugram, Haryana. The project will involve the manufacturing of various polythene and plastic processed products with a total build-up area of 2700 Sq.m. The estimated cost of the project is Rs. 48.8 million. As of March 2023, the company has received consent from the state pollution control authorities to establish the project. The company is likely to start the construction activity soon and commence operations once the unit is fully established.
