

- **Rock Star Cement** is planning to take up new clinker grinding unit in RIICO Industrial Area Bidasar, Churu, Rajasthan. The project involves setting up clinker grinding unit for manufacturing 180 MTPD portland cement (PPC/OPC/PSC). The estimated cost of the project is Rs.18 million. As of February 2021, environment clearance for the project is underway.
- **Jay Shree Kripa Cement** is planning to take up new clinker grinding unit in RIICO Industrial Area Sotanala, Tehsil-Behror, Alwar, Rajasthan. The project involves setting up clinker grinding unit with for production of 40,000 TPA Cement (OPC, PPC, PSC& SSC). The estimated cost of the project is Rs.16 million. As of February 2021, environment clearance for the project is underway.
- **NCL Industries** is planning to take up Cement and clinker manufacturing expansion project in Mattapally Vill, Suryapet, Telangana. The project involves enhancement of capacity of clinker manufacturing form 2.6 MTPA to 4 MTPA and cement grinding from 2 MTPA to 4 MTPA. The estimated cost of the project is Rs.3710 million. As of April 2021, environment clearance for the project is underway.
- **Super Ultra Cement** is planning to take up New clinker grinding unit in Dausa, Rajasthan. The project involves setting up new clinker grinding unit of 60000 TPA cement (OPC, PPC, PSC & SSC) capacity. The estimated cost of the project is Rs.25 million. As of May 2021, environment clearance for the project is underway.
- **Shree Cement** is planning to take up clinker grinding and cement bagging plant in Doddaballapur, Bangalore Rural, Karnataka. The project involves setting up of new plant for clinker grinding and cement bagging. The estimated cost of the project is Rs.6000 million. As of May 2021, The SHLCC has cleared investment proposal for the project.

- **Ultratech Cement** is planning to take up New clinker grinding unit in Villages: Sadhroar & Sural Khurad, Tehsil: Rajpura, Patiala, Punjab. The project involves setting up of stand-alone clinker grinding unit with cement production capacity of 3 MTPA and D.G. Set (2 x 6 MW). The estimated cost of the project is Rs.2500 million. As of July 2021, environment clearance for the project is underway.
- **Shree Cement North** is planning to take up New clinker grinding unit in Village: Deh-Kalan, Sangrur, Punjab. The project involves setting up new cement plant (Clinker Grinding Unit) with cement production capacity of 5 Million TPA and D.G. sets of 1250 KVA along with railway siding. The estimated cost of the project is Rs.6710 million. As of August 2021, environment clearance for the project is underway.
- **Calcom Cement India** is planning to take up Clinkerization unit expansion project in Jamunanagar, Tehsil: Umrangso, Dima Hasao, Assam. The project involves expansion in clinker production capacity from 0.98 MTPA to 1.52 MTPA along with installation of waste heat recovery system 8 MW. The estimated cost of the project is Rs.1800 million. As of August 2021, environment clearance for the project is underway.
