

- **Napino Continental Vehicle Electronics** is planning to take up new instrument clusters manufacturing project in Manesar, Gurgaon, Haryana. The project involves manufacturing of instrument clusters for two wheelers with capacity 2320000 Pieces. The company has filed industrial entrepreneurs' memorandum on October 2019. As of January 2020, the project is in planning stage.
- **Amphenol Interconnect India** is planning to take up new connectors manufacturing project in Electronics City Phase-I, Elcita, Bangalore(Urban), Karnataka. The project involves manufacturing of connectors with capacity 622114 Nos. The company has filed industrial entrepreneurs' memorandum on October 2019. As of January 2020, the project is in planning stage.
- **NAK Electronics** is planning to take up new SMPS power supply equipments manufacturing project in Sarswati Vihar, Gurgaon, Haryana. The project involves manufacturing of SMPS power supply equipments includes Ac-Dc converter, Dc-Dc converter, inverter UPS with capacity 1000 Nos.. The company has filed industrial entrepreneurs' memorandum on October 2019. As of January 2020, the project is in planning stage.
- **Digicon Electronics** is planning to take up new PCB products manufacturing project in Shirur, Pune, Maharashtra. The project involves manufacturing of PCB products for automotives. The company has filed industrial entrepreneurs' memorandum on December 2019. As of March 2020, the project is in planning stage.
- **McWane India** is planning to take up a new couplings and allied products manufacturing project in Sri City, Chittoor, Andhra Pradesh. The project involves manufacturing of couplings and allied products for fittings 6000000 Nos./Year, handles and spray actuation systems and

other forged and machined components (5000000 Nos./Year), valves and its associated components (60000 Nos./Year), water and electronic monitoring and measuring devices (1000000 Nos./Year) and tanks, pressure vessels, and its components (4000000 Nos./Year). The project is estimated to cost Rs.894.8 million. As of March 2020, the company has received consent from the state pollution control authorities to establish the project

- **Motion Drivetronics** is planning to take up new stepper motors manufacturing project in [Electronic Zone, Mahape TTC Indl. Area, Thane, Maharashtra](#). The project involves manufacturing of stepper motors with capacity 150000 Nos. The company has filed industrial entrepreneurs' memorandum on November 2019. As of April 2020, the project is in planning stage.
- **Ascent Circuits** is planning to take up a new single sided printed circuit board manufacturing project in [Hosur, Krishnagiri, Tamil Nadu](#). The project involves manufacturing of single sided printed circuit board 25000 Sq.Mt/Month and Double Sided/Multilayer Printed Circuit Board 25000 Sq.Mt/Month. As of June 2020, the company has received consent from the state pollution control authorities to establish the project.
- **Dronagiri Navghar North Second Infra** is planning to take up new integrated circuits manufacturing project in [Uran, Raigad, Maharashtra](#). The project involves manufacturing of integrated circuits with capacity 25000 Nos. The company has filed industrial entrepreneurs' memorandum on January 2020. As of June 2020, the project is in planning stage.
- **Pravakrish Technologies** is planning to take up new electronics weighing scales manufacturing project in [Sir M Vishweshwaraiah Industrial Layout, Alahally, Bangalore, Karnataka](#). The project involves manufacture of electronics weighing scales 150000 Nos. The company has filed industrial entrepreneurs' memorandum on January 2020. As of June 2020, the project is in planning stage.
