

- **Sreechem Resins** is planning to take up PF resins manufacturing expansion project in Rajgangpur, Sundargarh, Orissa. The project involves expanding the manufacturing capacity of PF Resins and its derivatives (2000 MT/Annum), top coat white knight & varnishes of quantity 1000 MT/Annum, prepared binder of quantity 2000 MT/Annum. As of February 2021, the company has received consent from the state pollution control authorities to establish the project.
- **SMR Industries** is planning to take up new formaldehyde manufacturing unit in RIICO Industrial Area, Kaladera, Tehsil Chomu, Jaipur, Rajasthan. The project involves setting up manufacturing unit for Formaldehyde (48000 MTPA) and Phenol Formaldehyde Resin (2400 MTPA) of capacity 50400 MTPA. The estimated cost of the project is Rs.73.7 million. As of February 2021, environment clearance for the project is underway.
- **Abhiyan Panel India** is planning to take up synthetic organic chemicals manufacturing unit expansion project in Kadadra, Taluka : Dahegam, Gandhinagar, Gujarat. The project involves expanding the synthetic organic chemicals (Resins) manufacturing unit with total production capacity of 9000 MT/month. The estimated cost of the project is Rs.23.4 million. As of March 2021, environment clearance for the project is underway.
- **Snap Decor** is planning to take up resin manufacturing expansion project in Pipalana, Taluka: Kotda Sangani, Rajkot, Gujarat. The project involves expanding the manufacturing of resin 875 MT/Month. The estimated cost of the project is Rs.67.7 million. As of May 2021, environment clearance for the project is underway.
- **Amura Polymers (Unit-2)** is planning to take up new resin manufacturing unit in Indrad, Taluka: Kadi, Mahesana, Gujarat. The project involves setting up synthetic organic chemicals (resin) manufacturing unit with capacity 2000 MT/Month. The estimated cost of the project is

Rs.200 million. As of May 2021, environment clearance for the project is underway.

- **Aaron Polymers** is planning to take up new synthetic organic chemicals manufacturing unit in GIDC Chhatral, Tal: – Kalol, Gandhinagar, Gujarat. The project involves setting up new unit for manufacturing of polyester resin with capacity of 1000 MTPM. The estimated cost of the project is Rs.20 million. As of May 2021, environment clearance for the project is underway. This is just an illustrative list of new projects covered in our New Projects Tracker portal
