

[Omega Hospitals](#), a unit of Hari Krishna Institute of Oncology Pvt Ltd, has announced plans to embark on a new hospital construction project in Seven Hills Cony, Gachibowli, Serilingampally, Rangareddy, Telangana. The project will involve the construction of a hospital with a capacity of 200 beds, and is estimated to cost Rs.735.5 million. As of March 2023, the company has received consent from the state pollution control authorities to establish the project, which suggests that the project has cleared regulatory hurdles and is on track to proceed with construction. The project is expected to create job opportunities for healthcare professionals and other skilled workers in the region, and is likely to provide much-needed healthcare services to the local community. The new hospital will feature state-of-the-art medical equipment and facilities, including advanced diagnostic and treatment options, such as radiology and pathology labs, ICU, surgical and recovery rooms, and other critical care units.
