

KPI Green Energy Limited, formerly known as K.P.I. Global Infrastructure Limited, has received new orders totaling 7.70 MW for the execution of solar power projects, of which 6.70 MW is being handled by the company itself (referred to as “the Company”) and 1 MW by M/s. Sun Drops Energia Private Limited, a fully-owned subsidiary of the company under the “Captive Power Producer (CPP)” segment of the business.

According to the order’s terms, the project will be finished in a number of phases throughout the course of the fiscal year 2023–2024.

In another filing, the company said it received commissioning certificates from Gujarat Energy Development Agency (GEDA) for 9.4 MW wind-solar hybrid power project comprising 5.4 MW wind and 4 MWdc solar capacity for its client Greenlab Diamonds LLP, Surat under CPP business segment of the company.
