

Promax Power Limited, a power and infrastructure EPC firm, has received new orders totaling Rs 43 crore across its several business segments.

Civil and Water segment received a fresh order for a water project for Rs 22.77 crores. Implementation and development of infrastructure for internal and peripheral sewer lines, including building of manholes and appurtenances, as well as road rehabilitation, will be included in the scope.

Transmission & Distribution (T&D) was declared the lowest bidder for a Rs. 13.67 crore order for the building of a power package for an industrial project. The scope will include design, engineering, manufacture, assembly, and testing of all equipment, materials, and accessories at the manufacturer's works, storage, unloading, including all electrical, HVAC, civil, and structural work, complete and efficient erection, testing, commissioning, and putting the entire construction power distribution system into successful commercial operation.
