

A subsidiary of [Reliance Industries Ltd.](#) is building a smart city near Gurugram, and one of the four Japanese businesses that will be housed there has broken ground for a medical devices division.

“Model Economic Township Limited (MET City), a wholly owned subsidiary of [Reliance Industries Limited](#) (RIL) is developing a world class Greenfield Smart City near Gurugram, Haryana,” billionaire MukeshAmbani’s firm said in a statement.

MET City is a Japan Industrial Township (JIT) and houses four leading Japanese companies in its integrated industrial township.

“Nihon Kohden, one of the 4 Japanese companies and manufacturer of medical devices, recently did a ground-breaking ceremony on their plot at MET City,” it said. “This facility of Nihon Kohden will be their largest manufacturing facility in India, and it will further enhance the position of MET City as a leading location for setting up companies in Haryana and North India.”
