

[Rail Vikas Nigam Ltd](#) (RVNL) has submitted the lowest bid for the 10.13 km Sholinganallur Lake – SIPCOT 2 section of Chennai Metro Line-3 (Package C3-ECV-01/RT-01).

The 45.8 km Line-3 segment of the 118.9 km Chennai Metro Phase 2 project, which will connect Madhavaram to SIPCOT 2, consists of 9 elevated stations on Old Mahabalipuram Road (OMR) at the southern end.

Earlier plans for a train repair depot by [Chennai Metro Rail Ltd](#) (CMRL) at SIPCOT were shelved in 2020. An elevated stable yard, akin to the one at Wimco Nagar for the 9.051 km Phase 1 Extension project, has taken its place.

[CMRL](#) had originally invited bids for this package in January 2021 with a 36 month deadline and an undisclosed estimate.
