

As part of the Rs 980 crore Srinagar Smart City Project, the capital city of Jammu and Kashmir, Srinagar, would undergo renovations.

A Special Purpose Vehicle (SPV) called [Srinagar Smart City Limited \(SSCL\)](#) was established under the Smart City Mission to carry out the Srinagar Smart City Project.

In order to provide unity and opportunities for all, SSCL envisions Srinagar as an eco-friendly, resilient, and socioeconomically vibrant city that cherishes its natural and cultural heritage.

The development of neighbourhoods in and around the downtown area, a facelift on the Jhelum riverbank, with a bicycle track and other amenities, are all examples of city improvement.
