

[Suzlon Energy](#) announced it had received an order from [Adani Green Energy](#) to create a 48.3 MW wind power project.

23 of [Suzlon Energy](#)'s wind turbine generators (WTGs) with a Hybrid Lattice Tubular (HLT) tower and a rated capacity of 2.1 MW each will be installed. The project will be completed in 2023 and is situated in Mandvi, Kutch, Gujarat.

The business claimed in a regulatory filing that this purchase, a repeat order from [Adani Green Energy Ltd.](#), is in addition to the 226.8 MW order that was previously disclosed on August 13th, 2021.

[Suzlon](#) will execute the project with a scope of supply, installation, and commissioning. Additionally, [Suzlon](#) will offer post-commissioning operation and maintenance services.
