

TPL was the lowest bidder among three contractors for the civil construction work at Noida International Airport in Jewar, Uttar Pradesh, this week.

Phase 1 of Noida Airport, located south of Delhi, includes a 90,000-square-meter Terminal 1, a 4150-meter-by-45-meter Code 'E' runway (Runway 10/28) with CAT III approach lighting and visual aids, a parallel end-to-end taxiway, an Air Traffic Control (ATC) building, a cargo facility, and commercial developments.

In April 2021, Yamuna International Airport Private Limited (YIAPL) began its bidding process (e-RFQ) with two EPC contracts: Package-1 for terminal building construction and Package-2 for airside, landside, and associated works.
