

Tata Power Discoms declared on Thursday that it would invest Rs 5,000 crore to guarantee dependable and high-quality electricity supply to companies, only one day after Odisha Chief Minister Naveen Patnaik urged investors from across the nation to benefit from the state's economic climate.

Sanjay Banga, the T&D President of Tata Power, said this during a conversation.

"We are fully committed to realise the Odisha government's vision of Make in Odisha through reliable and quality power supply to industries," he said, adding that Tata Power Discoms serve 9 million customers across the state.
