

The government of Uttar Pradesh has intensified its efforts to put the investment recommendations of the Global Investors' Summit-2023 into action. Yogi Adityanath, the chief minister, has directed officials to get in touch with each investor to ensure that each investment plan can be carried out.

Get in touch with every investor who took part in the GIS, learn about their requirements and expectations, and give them access to the new policies and procedures right away. While discussing the development projects with different ministers and departmental Additional Chief Secretaries on Wednesday, Chief Minister Yogi said that it should be made sure that no file pertaining to investors is still outstanding.

According to him, the Chief Minister's Udyami Mitra Scheme should implement the deployment of Udyami Mitra (entrepreneur friends) right away for the convenience of investors.

At least one entrepreneur friend should be deployed at national level, authority level and in every district.
