

Visaka Industries (Vnext Division – 5) is a company that specializes in manufacturing innovative and eco-friendly construction materials. The company is planning to set up a new manufacturing unit for Vnext boards and Vnext panels in Mouza-Dakshin Sole & Krishnapur, P.O. Saiyedpur, P.S. Salboni, Pachim Medinipur, West Bengal. The proposed project aims to produce non-asbestos Vnext boards and panels with a production capacity of 8333 Ton/Month. The total estimated cost of the project is Rs.1300 million. The company has received approval from the state pollution control authorities to establish the project, as of March 2023. The new manufacturing unit is expected to boost the production of Vnext boards and panels, which are eco-friendly and sustainable building materials. The production capacity of 8333 Ton/Month will help the company cater to the increasing demand for such materials in the market. The project is also expected to create employment opportunities for the local population and contribute to the economic growth of the region.
